

Southport Olympic Swimming Club

Established in 1917, Southport Olympic Swimming Club (SOSC) has a rich history of welcoming a diverse community of swimmers. From youngsters enjoying the thrill of first competition to national champions, Olympic medallists and masters swimmers enjoying ongoing wellness benefits, we are united by a shared love of our sport.

Led by head coaches Glenn Baker and Sean Eels, who each have a record of selection for coaching state and national teams, the SOSC program is designed to foster persistence and motivation. Whether you're aiming for a new PB, school selection, or the pinnacle of representing your country, our coaches will work with you towards your best ever performances.

What swimmer wouldn't be inspired by our spectacular location at the Gold Coast Aquatic Centre?

The hub of swimming in the region, our home ground offers world-class facilities including a 50-metre outdoor competition pool and a 50 metre outdoor training pool. Along with hosting numerous international teams' training camps, the centre has been the location of numerous national championships and the Commonwealth Games. Our swimmers train daily in the very pool where the great Katie Ledecky broke two world records.

As a club, we pride ourselves on our inclusivity as well as our dedication to excellence. We recognise that swimming plays an important role in both mental and physical health, so we strive to create a supportive and friendly club that enjoys community involvement. While we train hard, that doesn't mean we can't have fun. As a SOSC swimmer, don't be surprised to find yourself racing teammates up sandhills on a beach session, or cheering a friend on a "get-out" swim.

Join us to excel in swimming, stay for the friendship and life benefits.
